Professional Summary

I'm a dedicated and results-driven professional with hands-on experience in food production, quality and safety assurance and chemical and microbiological analysis. With a strong foundation in R&D, I bring a sharp eye for critical thinking and problem-solving, consistently delivering impactful solutions that align with and advance company goals. Ready to embrace new challenges, I'm available to contribute immediately.

Education

Bachelor of Food Science (Food Technology)

University Malaysia Terengganu

November 2017 - February 2022

Diploma in Engineering (Food Technology)

Dhaka Polytechnic Institute

January 2012 - January 2016

Core Competencies

- **Food Quality Assurance:** Expertise in maintaining and enforcing HACCP, GMP and GHP.
- **Research & Development:** Skilled in developing new products and improving existing ones through rigorous R&D processes.
- **Laboratory Skills:** Proficient in chemical and microbiological analysis, with experience in both manual and instrumental methods.
- **Cost Management & Leadership:** Experience in managing inventory, purchase orders and profit margin analysis. Strong communication skills with leading teams and training junior staff.
- **Professional Chef:** As a culinary expert, I understand a wide range of cooking techniques, ingredients and flavors and have a strong creative eye to innovate and adapt dishes to suit different tastes and dietary needs.
